Dark oak laminate floorboards. **Manufacturer provided description** Sun Odyssey 440's high performance platform incorporates a full length, hard chined hull to promote fast cruising while minimizing heeling. The generous sail plan is easily handled by the inboard winches and lowered gooseneck height. Sailing this boat is an experience like none other. She is fast, powerful, and nimble on the wheel. The 440 launched the proprietary Walk Around Decks, an incredible feature that has been incorporated in every successive design. This, combined with unobstructed side decks from bow to stern make movement on deck easier than ever

before. The huge cockpit is perfect for entertaining guests, and the convertible cockpit lounge turns the aft eight feet of the boat into a gigantic sunpad! The open concept interior is bathed in light, as the main salon features a multitude of windows and hatches. The central U-shaped galley is optimally placed for comfort while under way, centralizing the weight of the appliances for optimized sailing performance, as well as serving meals in the salon. In the 440, the nav station is particularly emphasized, elevating this feature into a coffee nook or home office. **Disclaimer** Disclaimer
