

Chieftain <Undefined> HP20 |

The Chieftain HP20 Fast Tow Dump Trailer is manufactured with Hardox 450 steel as standard. Hardox 450 provides better dent and abrasion resistance as well as longer wear life, so you can achieve even greater savings. This trailer has a lot of unique features including galvanised mudguards and headboard and along with its hydraulic up and over door it is the number one choice for all farmers and contractors.
