Fairline Targa 50 GT | 2024

There is no greater thrill than introducing a new Fairline to an already appreciative audience. Because this is a motor yacht where you will discover power, luxury and pure joy in one perfectly designed place. The Targa 50 GT is a spirited soul with adventure in its sights. But that doesn't mean you can't have all the luxurious touches you would expect from a Fairline. On the inside, beautiful oak flooring, Carrara white worktops and inlays and 100% New Zealand wool twist carpets. And on the outside, you can make your Targa 50 GT as individual as you want it, with the choice of electric blue, burnt orange or vivid red exterior upholstery that complement the sporty helm seats. All this, along with an anthracite coloured roof, is what makes this motoryacht a thing of true beauty

Vehicle Features
