Fairline <Undefined> F//Line 33 Outboard | 2024

The beauty of the F//LINE 33 Outboard lies in its adaptability. Considered space means your guests can stretch out in comfort. Excellent low speed manoeuvrability gives you uncomplicated handling. And the powerful twin Mercury Verado engines being within reach means easier maintenance. With our design ethos of connecting you to the water, the F//LINE 33 Outboard is even more unique. The innovative 'Ascender' bathing platform means you can take simple dips into the blue, with steps on both sides making access easy. And when mooring stern-to, this is where this feature becomes truly versatile. The platform becomes your bridge, rising to the height of the quayside so that you can effortlessly step up onto the land, as well as allowing the drive legs to lift clear of the water. Wherever you go, you can take your experience to the next level

Vehicle Features
