577 BHP MATT PAINT

One of our Directors cars, . Introducing the groundbreaking 2023 Kia EV6 77.4kWh GT Hatchback. This revolutionary electric vehicle combines power, style, and cutting-edge technology to redefine the concept of electric driving. Experience the exhilarating performance of the EV6's electric motor, delivering an astounding 577 bhp (brake horsepower). The instant torque and seamless acceleration provide a thrilling driving experience like no other. With its all-wheel drive capability and automatic transmission, the EV6 GT Hatchback offers responsive handling and a smooth ride on any road or terrain. Say goodbye to range anxiety. The EV6's impressive 77.4kWh battery capacity allows for an extended driving range, giving you the freedom to explore without constantly worrying about recharging. Step inside the EV6 GT Hatchback and be met with a stunning and futuristic interior. Immerse yourself in the advanced technology, spacious design, and premium materials that create an ambience of sophistication and comfort. The EV6 is not only powerful but also environmentally friendly. With zero tailpipe emissions, you can drive with a clear conscience, knowing that you're making a positive impact on the planet. Safety is a top priority in the EV6. Equipped with advanced driver-assistance systems like autonomous emergency braking, blind-spot collision avoidance, and lane-keeping assist, you can drive with confidence, knowing that you and your passengers are protected at all times
