This November 2019 registered Caddy 'Highline' 2L TDI is finished in classic 'Candy White' and is in excellent condition throughout. It has covered just under 77k miles, supported by a full Volkswagen service history - 5 recorded services, with the most recent carried out at 74,588 miles in November 2023. It runs and drives superbly.

The 'Highline' model is well equipped for a van, including air conditioning, heated mirrors, heated windscreen, electric windows, cruise control, rear parking sensors, leather multi-function steering wheel and body coloured bumpers/mirrors/doorhandles.

The 15 inch 'Caloundra' alloy wheels are in virtually unmarked condition and are wearing premium brand tyres, with good tread remaining all round.

This example has glazed rear barn doors and aftermarket Perspex screens on the bulkhead, which greatly reduce noise levels on the road, whilst retaining visibility and light into the cab.

The rear of the van is ply-lined. It also has fitted seat covers and has never been smoked in.

Comes with two working remote keys, current MOT is valid until 29th November 2024 and road tax is £320 for 12 months.

A 6 month extendable comprehensive Warranty policy with breakdown recovery is included in the price.
