TIMING BELT, WATER PUMP DONE

This car has been very well maintained by myself and previous owners FSH. The roof seals and mechanical parts are in first class condition. Recently had timing belt water pump, alternator belt and full service done. Electric hood goes up or down when driving up to 30mph. Car has the all important detachable mesh behind the front seats. It's a lot of fun in the sun and also very warm in the winter as the roof is lined inside. Very reliable and lovely looking car. No time wasters please Mot'd to Jan 2025. 157000 miles, Drives like a dream. £3,900 ono
