LOW MILEAGE, FULL SERVICE HISTORY, OUTSTANDING SPECIFICATION

A Gulfstream G650 may be the most affluent way to travel, especially when you consider its top speed of 600 mph and a starting price of \$65 million, but you're obviously limited as to where to park it. The 2018 Bentley Flying Spur can hit speeds just past 200 mph and costs a mere 3 percent of the Gulfstream and you can park it almost anywhere. What a bargain! In all seriousness, the Flying Spur will likely be a prime candidate to shuttle you to and from your jet, whether you prefer to drive yourself or if you prefer to enjoy it from a passenger seat. It's luxuriously appointed with the finest materials and built by master craftspeople. It's an understated proclamation of wealth that can be tailored to fit your needs and aesthetics.
