The Skoda Kodiaq falls firmly into the SUV bracket, with its bulky but precisely creased lines and lofty ride height, and the option of five- or seven-seats. It goes head-to-head with rivals like the Peugeot 5008, Nissan X-Trail and Kia Sorento, and it promises to put up a stiff fight given that it's brimming with Skoda's trademark roomy usefulness, and is great value however you're buying. There's also a better variety of petrol and diesel engines than is offered in any rival, which should mean that there's a model to suit everyone.
