

Toyota Proace CITY Icon Van 50Kwh Auto | Sep 2023

ELECTRIC

£18,999 + VAT

The Toyota Proace City Electric is a compact electric van designed for urban and suburban commercial use. It offers a fully electric powertrain, providing an eco-friendly solution with zero emissions. The van features a 50 kWh battery that delivers a range of up to 168 miles on a single charge, making it suitable for daily business operations without frequent recharging. The Proace City Electric boasts a practical and spacious interior, with a cargo volume of up to 4.4 cubic meters and a payload capacity of around 800 kg. Equipped with modern technology, the van includes a 7-inch touchscreen infotainment system with smartphone integration, as well as advanced safety features like lane departure warning and automatic emergency braking. The Proace City Electric's compact size and nimble handling make it ideal for navigating tight city streets, while its quiet and smooth electric drive enhances the overall driving experience. This van is an excellent choice for businesses seeking sustainable and efficient transportation solutions.
