We observe no visual heavy scuffs or scores on any of the exterior panels. The 16 silver alloy wheels are in fair to good condition. The alloys do show some minor corrosion on the inner spoke sections and the NSF alloy has some curbing to the outer rim section. The NSF tyre is brand new. The NSF and OSF tyres have 5.00mm tread. The OSR tyre 3.00mm tread. With temporary spare wheel - this has never been used. The interior is also in good condition. There is no heavy wear or tear on the fabric upholstery. On the DSF seat outer bolster there is some light wear to the fabric and white stitching. There are no heavy marks on the interior cabin trim panels or plastics.
