The X3 offers a superb driving experience with a deeply impressive economical diesel engine, as well as a spacious and high-quality interior. The traditional lofty SUV driving position is present and correct in the BMW X3. The standard front sports seats are comfortable on long journeys and keep you in place through bends with its supportive side bolsters. Seeing out the front of the X3 is pretty easy, thanks to its large windscreen with relatively narrow pillars. It's easy to judge traffic at roundabouts and T-junctions, and looking over your shoulder gives you a decent view of what's going on behind
