2004 Lexus SC430

In beautiful Platinum Ice Metallic with a full black Helmsdale leather interior, swathed in walnut trim

23,000 miles on the clock. Yes. TWENTY-THREE thousand miles!!! This is likely as close as you will get to owning a new example of the oddball that is the Lexus SC430.

Purchased new from Lexus of Carlisle, this incredible example was owned by a barrister based in London who kept it at his holiday home "up north". As of 2022, the car had just 6400 miles on it, where it visited Lexus Bolton with a customer complaint of it having a poor ride. The service sheet remark:

"Tyres are 18 years old, hard and mishapen due to the lack of vehicle use. Fit 4 new Michelin Pilot Sport tyres. Customer satisfied."

It was then purchased by the gentleman who traded it in to us for our stunning Lexus LS600hL, and this is when it gained most of it's incredibly low odometer figure.

Spec includes:

- Satellite Navigation
- Bluetooth Connectivity
- Automatic Xenon Headlights with Wash
- Electrically Folding Wing Mirrors
- Cruise Control
- Electric Front Seats with Memory
- Heated Front Seats

Truly creamy 4.3 VVTi V8 engine is the crowning jewel of this seriously likeable convertible. Almost silent at idle, beefy growl if you choose to light those 280 horses up through the back wheels.

MOT runs until 17th November 2024. Timing belt was changed by Lexus in 2021 at 5,972 miles. Will come freshly serviced.

Original Lexus "genuine leather" tag still intact. As well as the carpet mats, complete tool kit, owners pack and two keys.

A spectacular car that carries itself with a certain distinguished grace and elegance.
