**1.8L VVT-h Engine:** This engine delivers a good balance of power and efficiency, making it ideal for city driving and highway cruising. VVT-h stands for Variable Valve Timing with intelligence - a technology that optimizes engine performance and fuel economy.

**CVT Transmission:** The Continuously Variable Transmission (CVT) ensures smooth and effortless gear changes, providing a comfortable driving experience.

**Euro 6 Emissions:** The engine meets the Euro 6 emission standards, which means it produces lower levels of pollutants and is more environmentally friendly.

**Start-Stop Technology:** This feature helps to save fuel by automatically stopping the engine when the car is at a standstill, such as at traffic lights. The engine restarts instantly when you press the accelerator pedal.

**5 Doors:** The five-door design provides easy access to the passenger compartment and cargo area, making it a versatile choice for everyday use.

**GR SPORT Package:** The GR SPORT package adds a sporty look and feel to the car, both inside and out. This typically includes sportier exterior styling cues, like bumpers, wheels, and suspension tweaks, along with interior upgrades like sports seats and a special GR SPORT steering wheel.
