

Porsche Boxster 2.7 2dr | Aug 2002 MOT - TIPTRONIC S WITH SUPERB HISTORY

£3,995

A superb little Boxster ready to drive away in the summer sun !!

165,000 miles with a documented service history which includes the original stamped service book, indicating Porsche main dealer history until 2014.

Specialist history thereafter, and invoices for several thousand pounds spent in the last 2 years with one of Co Antrim's most respected service centres.

MOT until end of August but a pre-MOT inspection has already been carried out. Including a brand new water pump and belts in the last week.

Drives an absolute dream. The tiptronic auto gearbox really is the one to have, and the 2.7 engine gives the best balance of power and daily driver efficiency.

Electric Roof in excellent condition and working as it should.

Just 4 owners over 22 years which is exceptional for a car of this type.

Qualifies for classic insurance.

So much fun for the money and not to be confused with 'cheap' poorly maintained examples at similar prices.

Obviously some light marks as you would expect as this age and mileage but nothing of concern.
