A low mileage example of these flagship Jaguar models is hard to come by these days and prices of good ones are rising. Significantly this one has only 3 owners. Both keys are present and mileage is verified. We love the non supercharged version at Roxforde Cars, believe me this car is quick enough without the blower and has the benefit of less stress around supercharger maintenance.

Beautifully presented in gleaming black with contrasting ivory leather interior. Not only does the car look fantastic but it drives equally well.

Of course this price includes a service and 3 months warranty for peace of mind motoring.
