The 2021 Polestar 2 300kW Pilot Plus is a high-performance electric vehicle that blends cutting-edge technology with sleek design. Powered by a 78 kWh battery and dual electric motors, it delivers a combined output of 300 kW (408 horsepower) and features all-wheel drive for superior traction and acceleration. The Pilot Plus package enhances the driving experience with advanced safety features, driver assistance systems, and premium amenities. The five-door configuration ensures practicality and comfort, with a spacious and modern interior featuring a high-resolution infotainment system powered by Android Automotive OS. The Polestar 2 offers a compelling mix of performance, luxury, and sustainable driving.
