

Jaguar XK 4.0 2dr Auto | Jan 2000

REQUIRES REPAIRS - PRICED ACCORDINGLY

£2,500

My classic XK is in need of repairs to put it back on the road. There is a gearbox fault and some welding is needed. I have already bought a replacement gearbox and this will come with the car and is included in my asking price. I have also just fitted four new tyres in preparation for MoT. However, I have just bought another XK and have therefore put this one on SORN and garaged it. If you are prepared to do some work on the car to get it back on the road, you'll be rewarded with a stunning classic Jaguar that's a joy to drive. I have factored these things into my asking price of £2,500. If you would like further details, I'm happy to answer any questions you may have.

Vehicle Features
