

Dacia Duster 1.0 Tce 100 Bi-Fuel Comfort 5Dr | Aug 2021

£11,499

SATNAV DAB RADIO AIRCON

Here are some key reasons:

- 1. Fuel Efficiency and Cost Savings**
Bi-Fuel Capability: The Duster Bi-Fuel model can run on both petrol and LPG (liquefied petroleum gas). LPG is generally cheaper than petrol, allowing for significant fuel cost savings over time. **Extended Range:** The dual-fuel capability extends the vehicle's range, reducing the frequency of refueling stops, which is convenient for long trips.
- 2. Environmental Benefits**
Lower Emissions: Running on LPG produces fewer CO2 and NOx emissions compared to petrol, making the Duster Bi-Fuel a more eco-friendly choice.
- 3. Performance and Versatility**
Engine Reliability: The Duster Bi-Fuel maintains solid performance with a reliable engine that functions efficiently on both petrol and LPG. **Off-Road Capability:** Known for its ruggedness, the Duster handles both urban and off-road driving conditions effectively.
- 4. Comfort and Features**
Comfort Trim: The Comfort trim level strikes a balance between affordability and desirable features, including air conditioning, a touchscreen infotainment system with navigation, and comfortable seating. **Spacious Interior:** The Duster offers ample interior space for passengers and cargo, enhancing comfort during travel.
- 5. Distinctive Colour**
Iron Blue: Iron Blue is a sophisticated and elegant colour choice, giving the vehicle a sleek and modern appearance. This colour can also be more practical as it tends to show dirt and minor scratches less than lighter colours.
- 6. Affordability**
Value for Money: Dacia is known for providing good value for money, offering practical features at a competitive price point without compromising on quality and reliability.
- 7. Resale Value**
Growing Popularity: As bi-fuel vehicles become more popular due to economic and environmental benefits, the resale value of the Duster Bi-Fuel may be positively impacted.

Summary Purchasing a 2021 Dacia

Miles:	31000

Duster Comfort Bi-Fuel in Iron Blue is a sensible choice that combines economic, environmental, and aesthetic advantages. It offers fuel efficiency, lower emissions, versatile performance, and a comfortable ride, all wrapped in an attractive and practical colour. This makes it a well-rounded and appealing option for a wide range of drivers. The 1.0 TCe 100 Bi-Fuel Duster is a smart choice for budget-conscious and eco-friendly drivers. Its bi-fuel system, running on both petrol and LPG, offers flexibility and cost savings on fuel. The 1.0 TCe engine is efficient yet provides adequate power for urban and light off-road driving. The Duster's practical design includes a spacious interior and ample cargo space, making it ideal for families and adventurers. Its rugged build and elevated driving position enhance road presence and visibility. Overall, it's a versatile, economical, and environmentally friendly SUV that meets diverse driving needs
