LOW MILEAGE, CHEAP MAINTENANCE

Vauxhall Agila mk1 2007

- Just passed MOT with 0 issues, June 2025
- Cheap parts to maintain
- Easy insured
- Towbar
- Rear half limo tinted (doesn't impact insurance)
- Wind deflectors fitted
- Low mileage 51400 miles (in use but won't be a big difference)
- No central locking (so it cant break), old way of pushing up and down the snips
- Winder windows (again no electric motors to break)
- In general car is in good shape few blemishes here and there for a car that age, nice clean engine bay, red paint has the usual fading which can be polished if you want but is unpolished in photos. No rust, flaking or otherwise though.

Selling due to no longer needing 2 cars at the house, this car has been a joy and I'm sure at this price will do someone as either a first car or a run-around as a second car at a house. Last tank I got 45MPG on the wee 1.0 petrol engine, it's there to be had if you drive sensible.
