-Gearbox GTS Tune  
-Secondary Cat Delete

The car has had a full glass out respray in Metallic Purple back in 2019 by the previous owner and has been correctly registered however the front bumper does have some stone chips.

I've owned the car for close to 2 and a half years now and it hasn't given me an ounce of bother apart from a headlight module needing replaced.

In my time of ownership I had the all important RB done with Banbridge Motor Works (BMW Specialists) along with a service at the time and put a new front carbon splitter/under tray.

Got the car at around 79+k miles and have only covered approximately 7k miles in my time of ownership. With it only covering just over 2k of those miles in the last year. (Hence the reason for sale I simply don't use it)

The car has been well maintained and had got a major service less than 1k miles ago again at Banbridge Motor Work at a cost of £700+.

Asking price £21,000

Any questions don't hesitate to ask

May consider PX with a well spec'd 335d/435d or x5

## **Vehicle Features**
