For sale I have my much loved Golf R which I have owned for nearly 4years.

I purchased this car in October 2020 with 39K miles and it now has 69K miles as a 9 year old car.

This is easily the best car I have ever owned and I will be sad to part ways with it.

The car has a fully stamped service history and has got everything it has ever needed. It has never let me down in anyway the whole time I have had it. It is currently MOT'D until Oct 2024.

Current reg on the vehicle is CK15 OKU and it will be sold with this as I have took my personal reg off.

Car is lowered on 30mm springs all round just to finish its perfect looks and also handles brilliantly. This is the only thing I have ever done to it as it needs for nothing else. I still have the original suspension which the new owner can have with the car as I will have no use for it.

Used Cars NI can take no responsibility for any errors which may appear in listings. Please confirm details with the seller when making an enquiry.

The only minor defects I can list regarding this car is that the wheels could possibly do with a refurbishment if you were fussy. Also missing one rear wind deflector. Other than that the car is in perfect working order and priced accordingly.

Please feel free to contact me regarding any other questions about the car. Price can be discussed upon viewing of the vehicle.

Thanks,
