Car runs great, I have been using it to commute to Dublin for the

last few years. Selling as I upgraded earlier this month. I have owned it since ~60,000 miles (since March 2020) and kept good care of it - never failed MOT with me.

Some damage detailed in photos:

- > Driver seat is torn slightly on one side
- > Back passenger side is badly scraped (scraped against a wall by me a few years ago, not in a collision)

The engine management light comes on occasionally for anti pollution - lambda / oxygen sensors have been replaced twice in the last 3 years to resolve this (garage receipts to evidence this).

**Cash or bank transfer - no cheques**

**Open to reasonable offers**
