This really is a stunning example of a Facelift Model Audi A3 Finished in one of the most desirable colours; Glacier White metallic paintwork and with the option of upgraded wheels it really does stand out from all the others currently for sale.

Overall the car presents very well; with no stone chips to the paintwork and in no way shows its age or mileage. The interior is in great shape also with no noticeable marks or creasing to the black leather and this really does give the car a luscious and premium appearance.

A massive positive for this example also is that it is equipped with; Apple Carplay, Cruise Control, Parking sensors, Sat Nav & Bluetooth Connectivity
