First thing to note about this example is it being a 7 seater. the only one of its kind currently for sale in NI as far as I'm aware. Secondly and in my opinion very important, it's a 1.6 turbo petrol unlike most of the others which are only the 1.2 turbo which feels drastically underpowered and not suited to such a big vehicle unlike this. Finally, being the 2WD variant it is supremely more reliable and economical compared to its 4WD
