Charles Hurst Ferrari are excited to present a remarkable opportunity to own a piece of Ferrari's prestigious legacy: our Approved Ferrari 296 GTB. This model exemplifies the pinnacle of luxury and performance, designed for the discerning enthusiast who seeks both thrill and elegance. The exterior is finished in Rosso Imola, a colour from Ferrari's historical range. This striking finish ensures that the car makes a statement without saying a word. The colour is complimented by carbon fibre details, such as the front spoiler, under door covers and rear diffuser. The brake calipers are painted in aluminum on this example which make the car look subtle but sleek. The Scuderia shields are present on both wings. A highlight feature on this car are the surround view cameras which can be seen on the front bumper, both wing mirrors and housed in the rear diffuser. Inside, the cabin is adorned with premium leather and state-of-the-art amenities, providing supreme comfort and a luxurious feel. From opening the door you can see the beautiful finish of the carbon kick sill. This is further enhanced with the carbon steering wheel with shift LEDs and dashboard inserts. Some standard features include passenger display, heads up display and virtual display. As part of our Ferrari Approved program, this 296 GTB has undergone a series of detailed checks and balances by our Ferrari-trained technicians to ensure it meets our rigorous standards. The program guarantees that every element of this car, from its performance to its appearance, is in impeccable condition. At Charles Hurst Ferrari, we pride ourselves on offering more than just a car; we offer a gateway to a unique lifestyle. Purchasing from us means gaining access to exclusive events and a community of passionate aficionados. We also provide tailored financial services to facilitate your acquisition of this extraordinary machine. Experience the allure of Ferrari with

this impeccable 296 GTB. Visit Charles Hurst Ferrari and let us help you embark on a journey of passion, prestige, and unparalleled performance
