These are only the stamps in the book. There is a folder of invoices detailing lots of preventive and remedial work around these services, building up an illustrious background of a car that was wanted for absolutely nothing. Highlights include a gearbox service at the most recent visit, a new radiator and battery in February 24, and almost £1300 spent replacing rubber and window trims in 2022 because they looked "weathered".

Now the spec!

With the wonderful N53 3.0 straight six petrol engine, offering almost 270bhp of old-school German grunt. The only modification the car has is a very subtle Powerflow exhaust system, just giving a very subtle throaty note, reminding you of having chosen the correctly fuelled version and enjoying every journey.

Wearing a full set of Uniroyal Rainsport 5 tyres, comes with full handbook pack, three keys and also has a hardwired Nextbase dash cam fitted.

Needless to say this car is in almost "as new" condition. A true gem
