Registered new from SMW Suzuki, Belfast as a demo in February 2014, it was acquired by a local lady in March 2014 where it remained in their single ownership until recently where it was passed to a family member, but was deemed surplus to requirements and was put up for sale.

The car has been regularly used, albeit for short trips until the owner recently gave up driving.

It is clear to see how well this car has been maintained, I doubt there is another that is any better available.
