**FAULTLESS EXAMPLE**

2012 Range Rover 4.4 TDV8 Westminster The very last of the L322 model 8 speed Automatic Retractable side steps MOT'd until 25th Sept, will happily MOT for buyer. Last year it passed at 172k with zero advisories. Since then it's had loads of routine maintenance done. 4 new Michelin tyres in February 2024 All new Ferodo Discs and pads all round shortly after. New control arms on the front New peltier unit for the drivers seat 2 keys and stacks of history - Mostly LR DPF and EGR mapped out - much more economical 176,932 miles and still in use. I went to England for this at the start of 2023. It's been probably one of the nicest car's I've owned. Sunroof, heated and cooled front seats, heated rear seats, heated steering wheel, TV, double glazed windows (really quiet at speed), fully working air suspension, ice cold air con, dog guard and 2 sets of genuine LR mats (fabric and rubber). It also has the heater fob, which is handy in winter for pre heating/defrosting the car. One of the previous owners had a business in Belgium, so he travelled from UK to there quite frequently (hence the mileage). In his ownership it was serviced 8 times at Landrover main dealer, 7 of those in Belgium and one in UK. All receipts there from LR (mixture of Miles and Km's). Anything the car needed it got. The gearbox was last serviced at 161k which is in the service book. In my ownership it's been serviced twice with Millers oils - the

last being at the end of February this year - 174,500 miles. This may be of higher mileage, but it's been very well cared for and it's also in extremely good condition regardless of age and miles. Little to no wear in the interior too. Any inspection welcome. Happy to keep driving this until sold, so please don't be offering me silly money. Not in any rush to sell. 07790358408
