On the exterior body panels there are no obvious visual scuffs, heavy scores or dents on any of the panels. To be very fussy there is a small surface score on the lower section of the NSR door. Also on the NSF bumper corner at the fog housing recess there are a few scores - we have touched these to make them less noticeable. The frontal panel sections have little or no evidence of stone chipping. Skoda genuine mudflaps are fitted for added protection. The 18 diamond finish alloy wheels are each in perfect presentation without any obvious visual marks or curbing. The OSF and NSF tyres are brand new, premium brand Nexen. The NSR and OSR tyres have minimal wear (7.00mm) and are premium brand Hankook. With space saver spare wheel - this has never been used. The interior has been wonderfully kept to a very high standard of care.. There are no signs of wear and tear on the microsuede and leather upholstery. There are no obvious marks on the cabin trim
