

Vauxhall Vivaro 2700 1.6CDTI 95PS H1 Van | Jan 2017

£6,200 O.N.O

****NO VAT** 11 MONTHS MOT, PSH**

2017 L1H1 Vauxhall Vivaro for sale with just over 128,000 miles. MOT'd until July 2025. Still in use so miles may increase slightly but not much. Well looked after, been used as a personal van for the last 3yrs I've had her rather than a works van. Never been used or abused and always got what she needed. Regularly serviced and stamped during my time, next due a service in 10,000 miles. Lot of motorway miles on her, averages around 45mph in eco mode. Always driven with manners. Towbar fitted couple of years ago with twin electrics on her but has never towed hard - was fitted to tow a small, very light three berth single axle caravan to the Lake District and back again in 2023 and that's all, not towed since. Plylined with bulkhead and has been professionally fitted with powered roof fan and extractor and an inverter with two three pin plug sockets running off a leisure battery in the back. Leisure battery NOT included but inverter is. Has two different sets of working hands free (manufacturer's and one additionally fitted) as I used to have a work phone and a personal phone so was handy having them both connected. Phone will connect your media through both of them. Nice to drive, good gearbox and clutch, doesn't smoke, no knocks or bangs. Will miss her but the need for a bigger van forces sale. Come see her before you make me an offer. Slight

Miles: 128200

Fuel Type: Diesel

Transmission: Manual

Colour: White

damage to drivers side back panel over wheel arch as seen in photos due to an uninsured driver sliding against her in the bad ice a couple of years ago. Never got round to repairing her but never bothered me that much as damage so light.
