

BMW M5 M5 4dr DCT | Aug 2019
FULL SERVICE HISTORY

£42,995

The weapons-grade M5 is a powerful piece of German artillery from BMW's iconic M division. Unlike the M5 that came before it, this new generation signals a return to form for BMW by offering genuine driver involvement while still incorporating high-tech features and electronics that have dulled the current crop of Bavarian M Cars. Along with its unique exterior appearance and enhanced performance, the M5 has a unique leather interior with supple and supportive sport seats. The driving position is optimized for performance-style driving, and BMW hasn't gone the all-touchscreen route that many of its rivals have, so making changes to the air conditioning or adjusting the radio during driving causes little distraction. The large infotainment display runs BMW's latest iDrive software, sits atop the dash to the right of the driver's sightlines, and is controlled by a rotary knob on the center console. BMW offers driver-assistance features such as lane-departure warning, adaptive cruise control, blind-spot monitoring, and automated emergency braking with pedestrian detection as standard equipment. Fusco Vehicle Sales - North Down's largest used car dealership. Generally over 200 cars & commercial vehicles between £3000 - £60,000 on site. See "Part Exchange Estimator" and "Finance Application" on our website. HP & PCP Finance Options Available. Part exchanges welcome.
