

## Seat Leon 2.0 16V TDI FR 5dr | Jan 2007

**£1,600** O.N.O

Hi selling my 2007 seat Leon fr, has 96,000 miles on it, ran out of MOT February this year, due to personal circumstances need to sell and don't have the time to put anything into it, has had full service, oil filter, fuel filter , air filter, poly filter, X4 glow plugs, new thermostat, new Aircon radiator, discs and pads all round, new caliper in the back, X4 new tyres fitted in Feb - Goodyear ego f1s, all together had over 1000 put into it. As seen in pictures couple of minor dents, driving 100%, been sitting undriven for a month, started up there and abs light has appeared, airbag light is on, hit a pothole, mechanic said it's a sensor under seat that needs fixed, there's a slight tapping noise from engine, mechanic has said it's a hydrolic tappit. Thanks for taking the time to look, send me a message of any queries, p.s have paperwork from service done on the car. Cheers
