**£18,995**

**1 OWNER, FULL SERVICE HISTORY**

The Volkswagen Jetta receives a variety of updates for 2015. They include front and rear styling changes and new structural enhancements, the latter of which have resulted in improved frontal impact safety test scores. Inside you'll find improved materials quality, as well as several new available electronic safety features. Finally, the Jetta TDI has an updated diesel engine that's both more powerful and more fuel efficient. The 2015 Jetta also boasts a new suite of available electronic driver aids that includes blind-spot detection, forward-collision alert and parking sensors. While only available on certain trims and certainly not exclusive in the compact car segment, they do endow the Jetta with some of the same features that not long ago were available only for larger and more expensive cars. Other Jetta advantages are still intact, such as a spacious cabin that's tastefully designed, the availability of both hybrid and diesel-powered engines and excellent crash test safety scores. Fusco Vehicle Sales - North Down's largest used car dealership. Generally over 200 cars & commercial vehicles between £3000 - £60,000 on site.
