£16,495

1 OWNER, CRUISE CONTROL

The Toyota GT86 is a sporty coupe that uses a back-to-basics recipe to produce a car with an emphasis on pure driving thrills. It was developed alongside the Subaru BRZ, but you could also consider it as an alternative to the Audi TT, BMW 2 Series coupe and Mazda MX-5 RF. For a coupe, it's also quite practical. Well, practical for two. There's plenty of headroom up front for all but the tallest of people and the sports seats are very supportive. Fusco Vehicle Sales - North Down's largest used car dealership. Generally over 200 cars & commercial vehicles between £3000 - £60,000 on site.
