**CE- 02 AM - RIDE ON CBT**

**£6,999**

<b>Transmission:</b>	Automatic
<b>Colour:</b>	Black
<b>Body Style:</b>	Scooter

Whether you're taking a detour to your favourite spot, grabbing coffee around the corner or relaxing with an after-work cruise: the CE 02 winds effortlessly through the urban jungle - in a particularly stylish, flexible and sustainable way. The futuristic design immediately catches the eye, both in the city and on social media. With its single-sided swinging arm and straight-lined yet extravagant design, the CE 02 embodies the mobility of tomorrow. And not only visually, because the technology also lives up to its design promises. Thanks to the USB-C port, your smartphone is always ready for use with all connectivity functions. Keyless Ride makes starting easy. With ABS on the front wheel, LED headlight and two riding modes, the eParkourer also masters urban traffic safely. The electric reverse gear helps when manoeuvring into narrow parking spaces. The electric powertrain combines riding pleasure and sustainability for an almost silent experience. Whether agilely cornering through traffic in FLOW riding mode or effortlessly coasting along in SURF: the CE 02 is locally emission-free. In this way, it meets the most important requirements for the mobility of the future

**Vehicle Features**
