

Toyota Proace CITY Icon Van 50Kwh Auto | Jun 2023

ELECTRIC, AUTO, REAR CAMERA

£19,499 + VAT

The Toyota Proace City Electric is a compact electric van designed for urban and suburban commercial use. Powered by a fully electric drivetrain, it offers zero-emission driving, making it an environmentally friendly option for businesses. The Proace City Electric comes with a 50 kWh battery, providing a range of up to 170 miles on a single charge, depending on driving conditions. This electric van is highly practical, with a spacious cargo area that can accommodate a variety of goods. It's available in multiple configurations, including panel van and crew cab versions, catering to different business needs. The interior is functional, with modern features like a digital display, smartphone connectivity, and advanced driver-assistance systems for safety and convenience. With its quiet operation, low running costs, and generous payload capacity, the Toyota Proace City Electric is an excellent choice for businesses looking to transition to sustainable transportation solutions
