

Vauxhall Astra 1.9 CDTi 16V Sport 2dr | Apr 2007

£1,500 O.N.O

Selling my daily driver as I bought a midlife crisis car and need the space for it. The car well looked after, oil and filters changed every 6000 miles. High motorway mileage as I travel 60 miles a day to work. I been driving this car 5 years now and after almost 100,000 miles and it never gives me any trouble. Roof is working as meant to be, chassis and paintwork is original never resprayed or fixed. Remapped to ~190, 45mpg currently. 6 speed gearbox. MOT up till December 2024. 19" VXR wheels comes with the car not selling separately. The car also has aircon but it's not working, I usually just put the roof down if the weather was too warm. Thanks for watching
