This is quite a unique example with just 12,911 miles and fully serviced bed throughout it's life with Howard Abraham Skoda. The condition is simply amazing for a car of this age. On the exterior body panels the only more obvious mark is a few very light surface scores on the NSR bumper corner. There are no visual heavy marks, scuffs or dents or even heavy paint chips on the body panels. The alloys are in good condition, the OSF and OSR alloys are unmarked, the NSF and NSR alloys do have signs of curbing marks. All four tyres are recently brand new with minimal wear. With full size steel spare wheel kit, with Kumho brand tyre that has never been used. Skoda genuine mudflaps have been fitted by us back in 2016 for added protection. The interior is in stunning presentation. It has been kept to an incredibly high standard of care. There are no signs of excess wear and tear on the dark grey fabric upholstery. There are no obvious marks on the cabin trim panels or plastics. Non smokers car. 2x remote
