

Jaguar XF 3.0d V6 S Portfolio 4dr Auto | Sep 2012

£6,550 O.N.O

FULL HISTORY, AMAZING CONDITION, MEGA SPEC!

If you don't know your Jaguar XFs, then read on because you're looking at a special one. This is the XF S in Portfolio trim with a full service history and 10 months MOT (15 July 2025). This car is enormously well specified and has a full service history, with Jaguar main dealer until 66k and independents with receipts after. Don't confuse this car with a Luxury or Premium Luxury model - it's far better - with loads of extra factory fitted options. It has matching tyres all round.

The combination of performance and economy is remarkable. With 275bhp and twin turbos, this car has the power to pull the tarmac up yet, with a gentle right foot, 45-50 on a long cruise is no problem at all.

In addition to the full service history, a Jaguar specialist carried out a full timing chain and water pump replacement 9 months ago, as well as a service and wheel alignment at a total cost of £1250. That came not long after rear brakes and pads.

As you can see from the pictures it's in stunning condition, having just benefitted from a full machine polish and interior valet. Unlike most of these vehicles, it has no wood trim - just the super stylish cream leather with piano black trim and sits on factory specced Kalimnos 20" alloys which will set you back around £1k on their own - check eBay out if you don't believe me. This means it has a much more modern, pleasing aesthetic (to my mind) than most of the XFs you'll come across.

In addition to the standard Portfolio specification, the car has the highly sought after £1400 Bowers & Wilkins sound system, which I can confirm goes to 11 with no loss of quality. Jump by Van Halen is the ideal song for testing this.

As you can see the interior is in superb order. Both keys are

Miles:	116000

present

The tyres have between 5-6mm all round so plenty of life left in them, and are the same all around the car.
