The condition of this car is exemplary. On the exterior body work there are just a few tiny minor observations: tiny chips above the OSF door exterior handle; a paint chip on the NSF wheel arch at the NSF bumper shut joint and a chip on the NSR door very lower edge section. These are the extent of any obvious blemishes. A stunningly well kept example. The 18 silver alloy wheels are in super condition, only the NSR alloy has some very minor marks sound the rim edge, the other 3x alloys are unmarked. The NSF and OSF tyres are recently brand new, premium brand Hankook. The OSR 3.50mm and NSR 4.50mm are Continental premium brand.
