**Choice**  
We've got thousands of new and used vehicles

**Customer Care**  
We've got over 70,000 positive reviews

We are delighted to present for sale our February 2022 Maserati Levante GT Sport Pack. The Levante started life as our dealership demonstrator, before having had just one private owner. The Maserati Levante GT combines luxury, performance, and exclusivity, making it a compelling choice for those who want a standout SUV. With its Italian craftsmanship and iconic Maserati design, the Levante GT exudes elegance both inside and out. The signature Maserati grille, sleek lines, and premium materials in the interior create a distinct, high-end feel. Performance-wise, the Levante GT is equipped with a 2.0 Petrol Mild Hybrid engine that delivers impressive power, with 330 brake horsepower and excellent acceleration. Maserati's legendary handling, paired with advanced all-wheel-drive and adaptive air suspension, ensures a smooth yet exhilarating driving experience, whether you're on city streets or off-road terrain. Inside, the Levante GT offers spaciousness and cutting-edge technology. The infotainment system is intuitive, featuring a large touchscreen, Apple CarPlay, Android Auto, and a premium sound system. The seats are highly comfortable and supportive, designed for long drives with luxury materials such as leather and wood trim enhancing the cabin's opulence. What sets the Levante apart from other SUVs is its exclusivity. Maserati is a name that carries prestige, and the Levante GT, while practical, retains the brand's performance DNA and status appeal. It's not just another luxury SUV—it offers an emotional connection with driving, embodying the Italian passion for speed and style. If you're looking for something that blends daily usability with unique flair, the Levante GT stands out in the crowded luxury SUV market.
