Body Style:	Sport utility vehicle
Reg:	YXI6572

Stunning condition for a 1993 Land Rover Defender 110 TDi Station Wagon

Incredibly reliable TDi engine. See video for ignition and engine running

Will come with full year MOT, just serviced and booked

Service history since 2022 with BLRC Land Rover specialists in Saintfield, before this was serviced by my local mechanic during Covid. Just had a brand new exhaust fitted, RH track rod end. Last year had a new radiator and new filters. Engine is solid.

Chassis and under carriage in good condition considering the age, first small weld done on the bottom of the chassis since I've owned it.

Have owned for 5 years travelled around Britain and Ireland, make shift camping setup in the back.

Covered 165,000 miles

Exterior upgrades: BF Goodrich All Terrain Tyres, still with good

tread. Rugged panelling to protect the exterior. Some wear and tear on the panelling due to the age, but good condition overall.
Water snorkel, snow exhaust

Tow bar package.

Raid steering wheel.

Happy to talk and answer any questions
