The Nissan Juke is the SUV that kick-started the trend for jacked-up small cars. Designed as an alternative to more conservative hatchbacks such as the Ford Fiesta, it has been a huge success thanks, in part, to its distinctive looks. The Juke combines these looks with tempting prices, strong resale values, lots of on-board technology and reasonable fuel economy - features that have helped it remain a big seller, even though many other car makers have followed in its footsteps. Fusco Vehicle Sales - North Down's largest used car dealership. Generally over 200 cars & commercial vehicles between £3000 - £60,000 on site. See "Part Exchange Estimator" and "Finance Application" on our website. HP & PCP Finance Options Available. Part exchanges welcome.
