June 2010 who looked after the car until it was passed to his wife in 2018, who kept the car until recently, continuing to look after the car like a family member, serviced regularly.

In August this year, she gave up driving and the car came available, however the V5 had been misplaced and a replacement V5 was obtained in her son's name in September this year. This is essentially a one-family owned car, and I can confidently say it is as good as anything available, regardless of its year.

Comes with all handbooks, service book, both keys as well as spare wheel which is unused.

#### **SUMMARY:**

This is a lovely genuine example that has not been messed around with or abused and open to any inspection, even retains its original Mellons Hyundai numberplates, this is such a lovely car. Feel free to come and look, it is as clean and genuine an example that you will find available.
