DIESEL ECONOMY

The 2019 Hyundai Tucson SE Nav impresses with its modern and sleek exterior design, featuring sharp lines, a bold front grille, and stylish LED daytime running lights. The SUV's muscular stance and 17-inch alloy wheels add a sense of presence on the road, while the raised ride height enhances visibility and gives the Tucson an athletic, confident look. Under the hood, the Tucson SE Nav typically comes with a choice of efficient petrol and diesel engines. The 1.6-liter GDi petrol engine delivers a good balance of power and fuel efficiency, making it ideal for daily commuting and longer journeys. For drivers who prioritize torque and economy, the 1.6 CRDi diesel engine is available, providing more pulling power and great fuel economy. The 6-speed manual or optional 7-speed dual-clutch automatic transmission ensures smooth gear changes, and the Tucson's suspension provides a comfortable and refined driving experience
