

## Hyundai Tucson 1.6 Tgdi Se Connect 5Dr 2Wd | Jul 2021

# £16,499

LED DAY LIGHT RUNNING LIGHTS

The 2021 Hyundai Tucson 1.6 GDi SE Connect is part of Hyundai's popular compact SUV range, known for its sleek design, spacious interior, and practicality. This specific model, the SE Connect trim, balances affordability with a range of modern features, making it appealing to families and those who prioritize comfort and technology in an SUV. Engine and Performance The Tucson 1.6 GDi SE Connect is powered by a 1.6-liter GDi (Gasoline Direct Injection) engine. This naturally aspirated engine produces 150 PS (148 bhp) and 250 Nm of torque, providing enough power for day-to-day driving, whether on urban roads or motorways. While not the fastest in its class, the 1.6 GDi offers a smooth and comfortable driving experience, with adequate acceleration for city traffic and longer journeys. The engine is paired with a 6-speed manual gearbox, giving drivers control over shifts, and it's front-wheel drive, which is standard for the SE Connect. While not designed as a high-performance vehicle, the Tucson provides respectable fuel efficiency, particularly for a family SUV of its size. It achieves around 38-42 mpg on combined driving cycles, making it reasonably economical for daily use. Exterior Design The 2021 Tucson features Hyundai's updated design language, which is more angular and bold compared to previous generations. The SE Connect trim benefits from 18-inch alloy wheels and LED daytime running lights, giving it a modern and stylish look. The front of the car is dominated by a striking grille, flanked by sharp headlights, contributing to its imposing road presence. In terms of dimensions, the Tucson offers a substantial but not overly

bulky profile, making it manageable in urban environments while still offering a commanding view of the road. Interior and Comfort Inside, the Tucson SE Connect impresses with a high level of comfort and space. The 5-seat configuration is designed to accommodate passengers comfortably, with plenty of legroom and headroom in both the front and rear seats. The cloth upholstery is standard in the SE Connect trim, with well-padded seats for long journeys. The dashboard is centered around a 10.25-inch touchscreen infotainment system, which integrates Apple CarPlay and Android Auto, making smartphone connectivity easy. This system is intuitive, with crisp graphics and responsive touch controls. Dual-zone climate control is another notable feature in the SE Connect, ensuring passengers remain comfortable in various weather conditions. Technology and Safety Features The 2021 Tucson SE Connect is well-equipped with modern tech and safety features. It includes rear parking sensors and a reversing camera, which greatly assist with maneuvering the car in tight spaces. Hyundai's SmartSense safety package comes as standard, offering systems like Lane Keep Assist, Forward Collision-Avoidance Assist, and Driver Attention Warning, all designed to enhance safety and reduce the risk of accidents. Practicality and Storage The Tucson
