

Land Rover Range Rover Sport 3.6 TDV8 HSE 5dr Auto | Jan 2009

LOCAL CAR. KNOWN IT FOR OVER 10YRS

If you've always wanted one of these but were afraid because of some of the reviews this is the one for you. This is a local car with the much sought after 3.6 v8 engine. My boss bought this when it was 4-5 yrs old with about 65000 miles. Turbos were replaced shortly after under dealership warranty. Car gave him absolutely no trouble since. When i heard he was selling it about 5 yrs ago I jumped at the chance to buy it as i always wanted one of these and knew this was a good one. I bought it with about 83000 miles, car now has 108000 miles. My boss got his diesel in the same place all the time when he had it and i do the same using texaco supreme. It also has the range rover Active roll control system (ARC) which is an optional extra, which stops the jeep rolling or leaning to the side then cornering, this gives a superb ride on twisty roads. The car has also been treated under neath with rust protection since I've owned it. Service history with most of it being with a dealership or independent range rover specialist. This car has been maintained to the highest standard for at least the last 10-11 yrs. Gearbox flushed and new oil at 92000 miles, air compressor, expansion tank, and hydraulic pipes replaced plus a new battery last yr I'm only selling as my wife works from home and we don't need 2 cars, tbh I should have sold it 2 yrs ago but couldn't let it go. Heated front and rear seats. Tvs in the rear head rests.

£4,950 O.N.O

Miles:	108000
Fuel Type:	Diesel
Transmission:	Automatic/Other
