I'm reluctantly selling my 2020 Honda CBR1000RR-R Fireblade SP, a superbike that's as stunning to look at as it is to ride. A rare bike with low miles!! This bike has been my pride and joy, always kept in top condition with regular servicing and well cared for - it's ready for someone who'll appreciate it as much as I have! Full MOT - Oct 2025 Comes as standard with: Öhlins suspension, Brembo brakes, full electronic package with selectable torque control, quick shifter, and launch control - the bike's got everything for an exhilarating ride. This bike has some subtle but tasteful extras including, - Tail tidy - Crash protectors I'll be sad to see this bike go, but it's time for someone else to enjoy it. Perfect for anyone looking for Honda's high-performance engineering with MotoGP-inspired features. This is a future collector! First to see will buy! £14750 Ono
