Great car for everyday use, loads of space and storage options. Recently serviced and drives well, just got a new MOT on it too, until 25 october 2025.

Had timing belt replaced at 77 340 miles as can be seen in the service history that's included.

Has bluetooth, cruise control.

As you might notice the colour of the bumper and driverside wing is slightly different these have been replaced in the recent service due to some damage.

With recent service, less than 100k miles on it, full year MOT, you can be sure this car will get you to where you need to go and suit most people for everyday use.
